

## Come Join Us

The Cosmetology Program accepts new students twice in the spring session, once in the summer session and twice in the fall session. Enrollment in the program is on a space availability only and is based on continuous enrollment. The curriculum prepares students to seek employment as cosmetologists in the beauty field. The program includes all phases of cosmetology. Upon successful completion of the program (1,600 hours), a student is eligible to

take the California State Board of Barbering and Cosmetology Examination for licensure as a cosmetologist. A student must have good finger dexterity and coordination and show evidence of good physical and emotional health. A

kit, books, tuition and uniform are required for the program. The cost of these items is approximately \$2,000.00 and will be needed the first week of school. The approximate cost of the overall program is \$2,800.00. Prices are subject to change at any time. A student who is dropped from a cosmetology class for unsafe practices and/or inappropriate conduct, or withdraws twice from the course, and/or drops twice for excessive absences is not eligible to re-enroll except upon approval of the department chair.
