Work hours \_\_\_\_\_

Social Security Number \_\_\_\_\_ E-mail address: \_\_\_\_\_

Please indicate which of the following courses you have completed and approximately what year they were taken.

Math 131 (Int. Algebra)

Statistics 18 (Biostat) or Statistics 50

English 1A

Physical Sci 2 (Critical thinking)

Microbiology 2

\*Chemistry 1AB (majors) or Chemistry 2AB(non-majors)

\*Biology 1ABC (majors) or Biology 11 (non-majors)

\*Chemistry 8A (organic)

\*Starred options are required for the Certificate of Achievement in Biological Technologies, unstarred options are used for the Lab Assistant Option Certificate of Achievement.

High school attended:

College(s) attended:

Degrees or certifications received and approximate dates:

Have you ever worked or volunteered in any laboratory? Explain.

Have you ever worked in a biotech laboratory? Explain

What are your career goals?

Program participants are chosen on a first come-first served basis. Applications are always welcome. Following receipt of your completed application, you will be contacted to set up a personal interview. Please bring an unofficial transcript of previous college courses to your interview.

If you are not a PCC student you must apply for admission to the college through the Pasadena City College Admissions Office.

Address For Program Application

Pasadena City College  
Division of Natural Sciences  
Biological Technologies Program U402  
1570 E. Colorado Blvd.  
Pasadena, CA 91106

Address For College Admission

Pasadena City College  
Office of Admissions and Records  
1570 E. Colorado Blvd.  
Pasadena, CA 91106  
Telephone: (626) 585-7395

Please read and sign agreement to the following:

1. Students selecting to enter the Biological Technologies Program are expected to enroll in Biology 102A in their first semester. Enrollment necessitates purchase of lab materials prior to the start of the semester. The cost for these materials will be approximately \$75, not including the text.
2. Students wishing to enter the Biological Technologies Program are required to attend an orientation meeting (interview) with the director prior to the start of the semester.
3. Students who successfully complete 3 semesters of Biology 102 (A-C) will be expected to enroll in Biology 102D which is an internship in the community and necessitates that students have private transportation.
4. Students in the Biological Technologies Program are obligated to adhere to all OSHA and other pertinent laboratory safety and ethical standards as explained during the course. For safety reasons, all communications in the laboratory must be carried out in English.
