AGRICULTURE PLANT SCIENCE - Associate in Science Degree for Transfer to CSU

The Associate in Science in Agriculture Plant Science for Transfer provides student with a foundation in environmental horticulture for upper division in course work in agriculture and environmental plant sciences. The Associate in Science in Agriculture Plant Science for Transfer is designed to provide students a clear transfer pathway to the CSU within the agricultural science field major and the completion of baccalaureate degree, with guaranteed admission to a CSU to a similar major with junior standing, and the ability to complete their remaining requirements within 60 semester or 90 quarter units.

Agriculture and plant sciences have a wide range of career choice available in California's growing horticulture, and agronomic industries. Graduates in these majors are in growing demand as agriculture becomes increasingly high-tech and the movement towards sustainable practices increases. Earning a degree in Agriculture Plant Sciences is a starting point for careers in, soil science and conservation, agricultural biology, entomology, plant biotechnology, postharvest physiology, and environmental protection of water, farmlands, open space, and landscaped areas.

The Associate in Science for Transfer Degree in Agriculture Plant Science for Transfer degree for Transfer Requirements:

- 60 semester or 90 quarter CSU-transferable units.
- the California State University-General Education-Breadth pattern (CSU GE-Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.
- a minimum of 18 semester or 27 quarter units in the major or area of emphasis as determined by the community college district.
- obtainment of a minimum grade point average (GPA) of 2.0.
- earn a grade of C or better in all courses required for the major or area of emphasis.

PLEASE NOTE: The courses that universities and colleges require for transfer vary. When selecting courses for transfer purposes, students should consult with Counseling Services to determine the particular transfer requirements of specific institutions.

Program Outcomes

1. Be able to solve problems related to soils and plant growth.
2. Assess horticultural projects for feasibility and sustainable agricultural practices.
3. Analyze how the environment influences plant growth and crop yields.

Associate in Science in Agriculture Plant Science for Transfer Degree

BIOLOGY – Associate in Science Degree for Transfer to CSU

The Associate in Science in Biology for Transfer provides student with a foundation in the biological and physical sciences for upper division in course work in the biological sciences or related fields. The Associate in Science in Biology for Transfer is designed to provide students a clear transfer pathway to the CSU within the biology major and the completion of baccalaureate degree, with guaranteed admission to a CSU to a similar major with junior standing, and the ability to complete their remaining requirements within 60 semester or 90 quarter units. The biological sciences have a wide range of career choices available. Earning a degree in Biology is a starting point for careers in the biological sciences, biomedical sciences, biotechnology, environmental biology, agriculture and other related fields.

Associate Degree for Transfer Requirements

- 60 semester or 90 quarter CSU-transferable units.
- the California State University-General Education-Breadth pattern (CSU GE-Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.
- a minimum of 18 semester or 27 quarter units in the major or area of emphasis as determined by the community college district.
- obtainment of a minimum grade point average (GPA) of 2.0.
- earn a grade of C or better in all courses required for the major or area of emphasis.

PLEASE NOTE: The courses that universities and colleges require for transfer vary. When selecting courses for transfer purposes, students should consult with Counseling Services to determine the particular transfer requirements of specific institutions.

Program Outcomes

1. Create scientific presentations and/or papers based on the students' own novel experimental findings and research.
2. Recognize biological problems, propose testable solutions, and implement those tests through diverse methods.
3. Ability to analyze and summarize data and to infer conclusions based on those data.
4. Apply appropriate technological and computational tools to solve biological problems.
5. Diagnose and classify biological diversity, and understand of the functions and interactions of the components of diversity in ecosystems.

Associate in Science in Biology for Transfer Degree

REQUIRED CORE: 9 UNITS

SOCIAL JUSTICE STUDIES - Associate in Science Degree for Transfer to CSU

Social Justice Studies is an expanding interdisciplinary field encompassing the study of race relations, feminist studies, LGBTQIA+ studies, and the like. The field explores and analyzes history, culture, and contemporary issues through the intersecting perspectives of race/ethnicity, gender, and economic inequality. Social Justice Studies explores how societies can better define and achieve equity, fairness, and justice.

Associate Degree for Transfer Requirements

- 60 semester or 90 quarter CSU-transferable units.
- the California State University-General Education-Breadth pattern (CSU GE-Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.
- a minimum of 18 semester or 27 quarter units in the major or area of emphasis as determined by the community college district.
- obtainment of a minimum grade point average (GPA) of 2.0.
- earn a grade of C or better in all courses required for the major or area of emphasis.

PLEASE NOTE: The courses that universities and colleges require for transfer vary. When selecting courses for transfer purposes, students should consult with Counseling Services to determine the particular transfer requirements of specific institutions.

Program Outcomes

1. In written or oral work, analyze the impact of race/ethnicity, gender, sexuality, and economic inequality in historical periods.
2. Critique varied theoretical frameworks in debates on race/ethnicity, gender, sexuality, and economic inequality.
3. Assess the importance of major eras, political figures, legislative acts, social trends, and economic policy on racial/ethnic, gender, economic, and other minority groups.
4. Compare and contrast the experiences of marginalized groups with that of dominant groups, including concerns of race/ethnicity, socioeconomic status, and gender identity.
5. Critique ongoing social debates on race relations, gender relations, and the like.

GLOBAL STUDIES - Associate in Arts Degree for Transfer to CSU

The Associate in Arts in Global Studies for Transfer degree is an interdisciplinary program designed to provide students with a foundation in and understanding of globalization and contemporary global issues. The program is intended to prepare students to transfer into upper division degree programs in Global Studies, Global Politics, International Development Studies, International Relations, International Studies, and Comparative Government. It also provides students a basis for other majors in anthropology, economics, geography, history, humanities, and political science. Earning a degree in Global Studies is a starting point for careers in international business, international development, academics, immigration advocacy, non-profits, international politics, public policy, government, research, and the law. The skillsets that students develop are universally beneficial for virtually any major and career.

The Associate in Arts in Global Studies for Transfer degree requirements:

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University.
- The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements.
- A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- Obtainment of a minimum grade point average of 2.0.
- All courses in the major must be completed with a grade of "C" or better. 6. A "P" (Pass) grade is not acceptable grade for courses in the major. (Students completing this degree are not required to fulfill additional local graduation requirements.)

Associate in Arts in Global Studies for Transfer Degree

REQUIRED CORE: 6 UNITS

Modifications

(course requirements updated)

PSYCHOLOGY - Associate in Arts Degree for Transfer

Psychology is the scientific study of human and animal behavior and mental processes, including cognition, emotion, sensation, perception, and interaction. In pursuing the Associate in Arts in Psychology for Transfer Degree, students acquire skills in research, information gathering, and analytic thinking. Students majoring in psychology develop their critical thinking, problem solving, and written and verbal communication skills. As psychology majors, students have learning opportunities that are relevant to many types of careers, including business, education, government, nonprofit organizations, and within health and human services, etc.

The Associate in Arts in Global Studies for Transfer degree requirements:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University.
2. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements.
3. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
4. Obtainment of a minimum grade point average of 2.0.
5. All courses in the major must be completed with a grade of "C" or better. 6. A "P" (Pass) grade is not acceptable grade for courses in the major. (Students completing this degree are not required to fulfill additional local graduation requirements.)

Program Outcomes:

1. Using (and/or applying) basic terms, facts, principles, and theories, explain (and/or demonstrate the understanding of) behavior and cognitive processes, drawing from historically important, relevant cross-cultural, and contemporary perspectives, including biological, cognitive, behavioral, psychodynamic, and socio-cultural approaches.
2. Compare and distinguish between scientific and non-scientific approaches to the study of behavior, and evaluate the strength of evidence offered in support of a given hypothesis, theory or conclusion, using terminology and elements of the scientific method.
3. Given a topic in psychology, research and apply psychological concepts and theories to scientific and/or popular media in a written or oral report.
4. Explain ethical principles in psychological research and practice in an increasingly diverse world.
5. Explain career alternatives within the field of psychology, and an awareness of how a background in psychology relates to various careers outside of psychology, toward making informed career choices.

Associate in Arts in Psychology for Transfer

REQUIRED COURSES (11 units)

- PSYC 001 – Introductory Psychology (3)
or PSYC 001H – Honors Introductory Psychology (3)
- PSYC 005 – Research Methods in Psychology (4)
- STAT 015 – Statistics for Business and Economics (4)
or STAT 018 – Statistics for Behavioral and Social Sciences (4)
or STAT 050 – Elementary Statistics (4)
or STAT 050H – Honors Elementary Statistics (4)

LIST A: SELECT ONE COURSE (3-4 units)

- PSYC 002 – Elementary Physiological Psychology (3)
- BIOL 003 – Topics in Human Biology (4)
- BIOL 011 – General Biology (4)
or BIOL 011H – Honors General Biology (4)

LIST B: SELECT ONE COURSE FROM BELOW OR FROM ANY LIST 1 COURSE NOT USED (3-4 units)

- PSYC 021 – Developmental Psychology: The Child (3)
or PSYC 021H – Honors Developmental Psychology: The Child (3)
- PSYC 022 – Developmental Psychology: The Adult (3)
- PSYC 024 – Lifespan Developmental Psychology (3)

LIST C: SELECT ONE COURSE (3 UNITS)

- PSYC 003 – Abnormal Psychology (3)
- PSYC 023 – Social Psychology (3)
- PSYC 025 – Human Sexuality (3)
- PSYC 029 – Psychology of Afro-American (3)
- PSYC 031 – Studies in Chicano Behavior (3)
- PSYC 033 – Psychology of Personal and Social Adjustment (3)
- PSYC 041 – Psychology of the Asian American (3)

REQUIRED SUBTOTAL	20-21
CSU General Education or IGETC Pattern	39-37
Transferable Electives (as needed to reach 60 transferable units)	
DEGREE TOTAL	60

(program name changes - from Digital Media to Design Media Art)

DESIGN MEDIA ART – ANIMATION & MOTION ARTS - Associate in Science Degree, Certificate of Achievement

DESIGN MEDIA ART – DESIGN/MEDIA ARTS FOUNDATION - Associate in Science Degree, Certificate of Achievement

DESIGN MEDIA ART – FAME DESIGN & DEVELOPMENT - Associate in Science Degree, Certificate of Achievement

DESIGN MEDIA ART – GRAPHIC DESIGN - Associate in Science Degree, Certificate of Achievement

DESIGN MEDIA ART – INTERACTIVE ART & DESIGN - Associate in Science Degree, Certificate of Achievement

DESIGN MEDIA ART – WEB DESIGN & DEVELOPMENT - Associate in Science Degree, Certificate of Achievement

(correction to total program units, from 36 to 33)

PRODUCT DESIGN – TECHNOLOGY - Associate in Science Degree, Certificate of Achievement

The program prepares students with an interest and strengths in technology with a portfolio to enter the product design profession as an entry-level designer. The courses develop a focused range of knowledge and skills to seek employment as a product designer with an emphasis on production. Projects emphasize creativity, function, environmental, and social concerns in addition to technical skills.

Portfolios can also be used for transfer application.

A Certificate of Achievement is awarded upon completion of all required courses with a grade of C or better.

Requirements for the Certificate of Achievement (33 units):

Semester I

ART 015 - Sketching for Design (3)

ART 016 - Perspective (3)

ART 031A - Color and Composition-Two Dimensional Design (3)

Semester II

ART 018 - Rendering (3)

ART 033A - Product Design Application (3)

DT 008A - Introduction to Digital Design and Fabrication (3)

Semester III

ART 033B - Product Design Application (3)

DT 017 - Building Construction Technical Graphics (3)
